

What is it? A small fund used to provide a streamlined response to funding and implementing safety/environmental protection improvements identified by building managers in the course of conducting their day to day responsibilities.

How much can I get? The limit is 5K.

Can I use it for any safety/environmental protection related thing? No, there are restrictions like PPE and tools (more restrictions apply, see the form).

Is there a form I have to fill out? Yes, the form is on the ESHQ webpage and titled “Request for Rapid Response Fund Allocation.”

What do I do with the form once it's completed? Send completed form to Rapid Response at MS119 or email it to rapidresponse@fnal.gov.

Who makes the final decision? The ESHQ Director

What if I have additional questions? You contact the Rapid Response Coordinator, Jack Cassidy, or send email to rapidresponse@fnal.gov.
